

File Name: **Final_Exam_7:**

Female Speaker 1: There we are.

Male Speaker 1: Alright, let's call the meeting to order. And look for a motion to approve the agenda. **[Indiscernible]** are there any additions —

Male Speaker 2: Any additions or corrections? Motion to approve.

Bruce: Second.

Male Speaker 1: Second by Bruce, all in favor?

All: Aye

Male Speaker 1: Motion carries. Approve the minutes of 8:30

Female Speaker 2: I'll make that motion.

Male Speaker 2: Second.

Male Speaker 1: We have a first and second. All in favor?

All: Aye.

Male Speaker 1: Motion carries. General public concern: it's been really quiet lately. It's been nice; **[indiscernible]** things are going well? We have Shelly who starts at 8:35. So.

Female Speaker 2: Do we want to do our claims?

Male Speaker 1: Yeah, we could do our claims.

Bruce: We can do that. I looked through, and I have the general number.

Male Speaker 1: Give me a second, Bruce; just let me get this looked over to guarantee I'm getting it right. Got it.

Bruce: Two thirty-two eight eight eight point eight six. And no drainage.

Male Speaker 1: No draining.

Female Speaker 1: Two three two eight eight?

Bruce: Two three two eight eight eight point eight six.

Male Speaker 1: Two three two eight eight eight eight six. Let me take these back there to get started on them.

Bruce: Did we vote on that?

Female Speaker 1: You firsted it right?

Bruce:: I firsted it.

Female Speaker 1: And they seconded it.

Male Speaker 2: Aye.

Female Speaker 2: **[Indiscernible]**

Male Speaker 1: Okay, we have authorised chairman to sign –

[Crosstalk]

Bruce: We didn't vote for that. You jumped up right in the midst of that.

Male Speaker 1: Alright, all in favor.

Several Speakers: Aye.

Male Speaker 1: All opposed?

Male Speaker 3: Aye.

Male Speaker 1: Alright.

Bruce: Make it official.

Male Speaker 1: Okay, we'll do, authorised chairman of signing the Proclamation of September National Voter Registration Month.

Bruce: Is this something by the state, or?

Female Speaker 1: From the Secretary of State.

Bruce: Through the Secretary.

Male Speaker 1: Secretary of State sent this out.

Female Speaker 2: **[Indiscernible]**

Male Speaker 1: Says anybody of 17 years or older are eligible to register if they're old enough to vote by that time.

Bruce: I'm not even sure. It's been so long since I was at school. Do they, the older kids, do they register them at school? Do we know? I don't.

[Crosstalk]

Ben: I think my senior year we did.

[Crosstalk]

Female Speaker 2: We did too.

Bruce: That's what I thought. I couldn't remember if they still did that or not.

Female Speaker 2: We did –

Ben: **[Indiscernible]** government we had to work with both the Republicans and Democrats campaign office **[indiscernible]** and go put signs in people's yards.

[Crosstalk]

Female Speaker 2: Wow. Well, I'll make that motion.

Male Speaker 2: I'll second.

Male Speaker 1: First and second. Any discussions on this topic? All in favor?

All: Aye.

Male Speaker 1: Motion carries. I will sign that proclamation. Okay, now we have approve 28E agreement with North Central Iowa Regional Solid Waste Agency. We've done this back, once, probably in January. And it was written up wrong, so they had to redo it.

Male Speaker 3: What's the gist of the agreement?

Male Speaker 1: It's basically saying who all is involved in the organization; you've got to have this agreement to haul your waste away to the landfill.

Male Speaker 3: And the landfill are hauling it.

[Crosstalk]

Male Speaker 3: That's one of your favorite committees.

Male Speaker 1: That ain't bad really. **[Indiscernible]** energy people. That's always a good one. And it's – there's 42 entities in it.

Male Speaker 3: Holy cow!

Male Speaker 1: It does cover a large area. If you ever go to the landfill, I go there 6-8 times a year at least. It just grows like a mountain.

Bruce: Did they ever get their sliding?

Male Speaker 1: No, they're still working on that.

Bruce: Figuring it out?

Male Speaker 1: They've got a design figured out and cost estimates, and they're working on it. But it's –

Male Speaker 3: So this is essentially a reworted agreement. It's the same thing that was signed, and they didn't do it right?

Male Speaker 1: And then the reason we did that one is because they didn't quite have all the members signed up on the first one.

Male Speaker 3: So, this should be right?

Male Speaker 1: This should be right.

Male Speaker 3: Having said that I would make a motion to approve the 28E Agreement to North Central Iowa Regional Solid Waste Agency.

Bruce: I'll second.

Male Speaker 1: We have a first and a second; any more discussion on garbage? All in favor?

All: Aye.

Male Speaker 1: Motion to carry opposed? Motion carries.

Bruce: We could probably just switch Ben since he's here and Shelly's not. She's on her –

Female Speaker 1: She's there.

Bruce: Oh, she is there.

[Crosstalk]

Male Speaker 3: Oh, she's on Zoom!

Bruce: You're too quiet.

Carrie: Hello.

All: Hello.

Carrie: Good morning.

All: Good morning.

Male Speaker 1: I'll take a second here to sign paperwork and I'll be right with you.

Carrie: This is my first time doing this, so I'm new to this.

Male Speaker 3: Well, good luck!

Bruce: Well, at least she's **[indiscernible]**

Male Speaker 1: Okay, well, we have Community Family Resources, Shelly. And it's the Proclamation of National Recovery Month. I'll let you take it from there.

Carrie: So, I believe that Shelly had sent over the proclamation; is that correct?

Female Speaker 1: Yes.

Carrie: Okay. Do I just read the proclamation? Is that how they usually do it?

Female Speaker 2: Yeah, I believe so, yes.

Male Speaker 1: Yes, I'm just going to breeze through it

Bruce: Highlights.

Carrie: So the recovery health proclamation, whereas behavioral health is an essential part of health and overall wellness. In prevention of mental health and substance abuse disorders, treatment is effective, and recovery is vital to the well-being of the individual and the community. Treating mental health and substance abuse disorders is essential in achieving healthy lifestyles, both physically and emotionally. We encourage relatives and friends of people with mental health and/or substance abuse disorders to implement preventative measures, to recognize the signs of a problem. And guide those in need to appropriate treatment and recovery support services. Given the serious nature of this public health problem. We must strive to offer all persons the same opportunities for treatment and wellness.

One in 10 individuals aged 12 and up are diagnosed with substance abuse disorder in a given year. One in five U.S adults experience a mental health disorder in a given year. The Covid 19 pandemic poses a new challenge in our great nation and illicit substance use has shown worrisome gains. Recent changes made in the state of Iowa and our nation makes a personal possession of the opioid overdose reversal drug Narcan available and should be responsibly promoted. Help more people achieve and sustain long-term recovery with the U.S department of Human Service and Substance Abuse and Mental Health Services **[indiscernible]**. The White House Office of National Drug Control Policy and the Humboldt County Board of Supervisors invite all residents of Humboldt County to participate in National Recovery Month.

And then, let's see. National Recovery Month and by virtue of the authority vested in the U.S by the laws of Humboldt County do hereby proclaim the month of September of 2021 National Recovery Month in Humboldt County and call upon the people of Humboldt County to observe this month with appropriate programs, activities, and ceremonies to support this year's recovery month. I believe that's all of it.

Male Speaker 1: Yes, that does look like it. I don't know –

Bruce: Do what?

Male Speaker 1: I missed the introduction. What's your name?

Carrie: I'm sorry, my name is Carrie Cook. I am the outpatient supervisor for **[indiscernible]** office.

Male Speaker 1: Okay. Carrie, thank you. Well?

Male Speaker 2: I'll make a motion for the chairman to sign the proclamation on National Recovery Month.

Female Speaker 2: I'll Second that.

Male Speaker 1: We have a first and a second. All in favor?

All: Aye.

Male Speaker 1: Motion carries. There is a place for everyone to sign, so I'm going to sign it and pass it around.

Carrie: Thank you very much.

Male Speaker 1: Thank you.

Female Speaker 2: Thank you, Carrie.

Bruce: This email is **[indiscernible]**

Male Speaker 1: Alrighty, she'll shoot you an email of a copy of that, and you'll have it on file. Alright, thank you. Alright, Ben.

Ben: Morning.

All: Good morning.

Ben: For the agenda today, I've got to discuss and possibly act on quotes for the **[indiscernible]** office roof replacement. I reached out to both Sands **[sic]** Construction and **[indiscernible]** Builders to get a quote to put a new roof on just the office portion of the new **[indiscernible]**. Everything in the back has been replaced, Jensen did that back in 2014, I think. But everything on the front is the original office from the Garrison building when it was installed. We've got a couple of spots where it's starting to leak, and you can see a couple of brown spots on the tiles **[indiscernible]**.

We've got a quote from Sands **[sic]** Construction to pull off and replace the tin with new tin. **[Indiscernible]** tin, fasten, closers plus – closers, fasteners, and sealants for a quote of \$86,198 and a quote from Jensen to put a new roof over the existing roof. It's where they lay down insulation in between the two roof layers. And the quote for that was \$90,990.

Male Speaker 1: Ninety thousand nine hundred and ninety?

Ben: Yes. I talked to Joel last week; some materials are 8-10 weeks out, and the insulation would be afterwards. I talked to Taylor this morning with Jensen, and he said we'd be looking at December, but there is a chance we could get earlier, but more than likely it will be December for insulation.
